

BankMobile Disbursements Single Sign On

The BankMobile Disbursements Single Sign On feature offers an integrated user experience for students to make their initial refund selection preference. Streamlining the refund selection process to authenticate the student through the schools' portal allows students to set their preference faster and easier.

Benefits for your college or university:

- Streamline the refund selection process by keeping this service inside your student portal
- Drastically reduce paper check disbursements with more students making faster selections
- By no longer requiring a Personal Code or Shared Secret, we can reduce calls to administrators with questions around missing codes or problems with shared secrets
- Offer a customized experience based on the needs of your students with videos, educational materials and more

Benefits for your students:

- Easier way to make their refund selection preference providing quicker access to funds
- With no personal code required, the process is easier and students go to one website for all school activities including choosing a refund preference
- Eliminating multiple websites creates a more seamless selection process for the student
- Students have 2 electronic options to receive their refunds:
 1. Deposit to an existing account
 2. Deposit to BankMobile Vibe, a digital-only, FDIC insured checking account designed specifically for students

"BankMobile's Single Sign On feature allows our students to make preference selections within the college's student portal. It is a seamless integration which has greatly reduced calls to our administrative office!"

- MANAGER, STUDENT ACCOUNT SYSTEMS YOHANNES ALEMU, PORTLAND COMMUNITY COLLEGE
